ORCID ID: 0000-0002-9999-1152

Dr. Mohammad Ali Badamchizadeh is Professor of Control Engineering Department, Faculty of Electrical and Computer Engineering, University of Tabriz, Tabriz, Iran. He received the B.S. degree in Electrical Engineering from University of Tabriz in 1988 and the M.Sc. degree in Control Engineering from University of Tabriz in 2001. He received the Ph.D. degree in Control Engineering from University of Tabriz in 2007. His major research interests include Adaptive Control, Fractional systems, Fuzzy Control and Stability of systems. He has published more than 104 articles in high impact journals and more than 55 conference papers.

Prof Badamchizadeh had received Young Researcher's Award (2010) of the Engineering Faculties of University of Tabriz and first Researcher's award (2012) and second Researcher's award (2016) of the Faculty of Electrical and Computer Engineering, University of Tabriz. He is also head of E-learning and off-campus learning of University of Tabriz. He has supervised many M.Sc. students and Ph.D. scholars till date and many are in progress. He is a member of editorial board and reviewer of many international journals.

He has developed and taught many undergraduate and graduate courses, including Signals & Systems, Linear Control Systems, Engineering Mathematics, Adaptive Control, Neural networks, Identification, Game theory and Chaos Control. He has served as director of the Adaptive Control and Identification Laboratory.

Book Chapter

1. Application of Sliding-Mode Control for Maximum Power Point Tracking of PV Systems”, Book Chapter in: Solar Photovoltaic Power Plants: Advanced Control and Optimization Techniques, Springer, 2019
