مقالات در نشریات

H. Fakhri , M. Sayyah , Fard,Para-Bose oscillator algebras of odd orders: x-representations and .1
Wigner functions for coherent and cat states and their photon-added and photon-subtracted .counterparts,European Physical Journal Plus,Vol. 137,pp. 1199,31 October 2022
H. Fakhri , S. Mirzaei , M. Sayyah , Fard,Thermal states of two identical two-level atoms .2 interacting with the single-mode fields of the Arik-Coon and Biedenharn-Mac farlane q .oscillators,Modern Physics Letters A,Vol. 38,pp. 2350144,30 10 2023
H. Fakhri ,& S. B. Seyedein Ardebili,Energy levels and their degeneracies for two-ring Ising .3 chains of spins-(1/2) with NN and NNN couplings: spin frustration of ferromgnetic and .antiferromagnet ic orders,European Physical Journal Plus,Vol. 136,pp. 8,27 August 2021
H. Fakhri , M. Sayyah , Fard,The Jaynes–Cummings model of a two-level atom in a single- .4 .mode para-Bose cavity field,Scientific Reports,Vol. 11,pp. 22861,24 November 2021
H. Fakhri , S. Mirzaei , M. Sayyah , Fard,Two-photon Jaynes–Cummings model: a two-level .5 atom interacting with the para-Bose field,Quantum Information Processing,Vol. 20,pp. 398,23 .November 2021

 H. Fakhri ,& M. Refahinozhat,Coherent states attached to the quantum disc algebra and their .6 associated polynomials,International Journal of Geometric Methods in Modern Physics,Vol. .18,pp. 2150078,2021 04 05

M. Bohloul , A. Dehghani , H. Fakhri,Generating superposition of squeezed states and photon- .7 added squeezed states,Physica Scripta,Vol. 99,pp. 045112,14 3 2024MBohloul1 ,ADehghani2 .andHFakhri1
